

—> Direct shareholding in the Entity

- -> Indirect shareholding in the the Entity

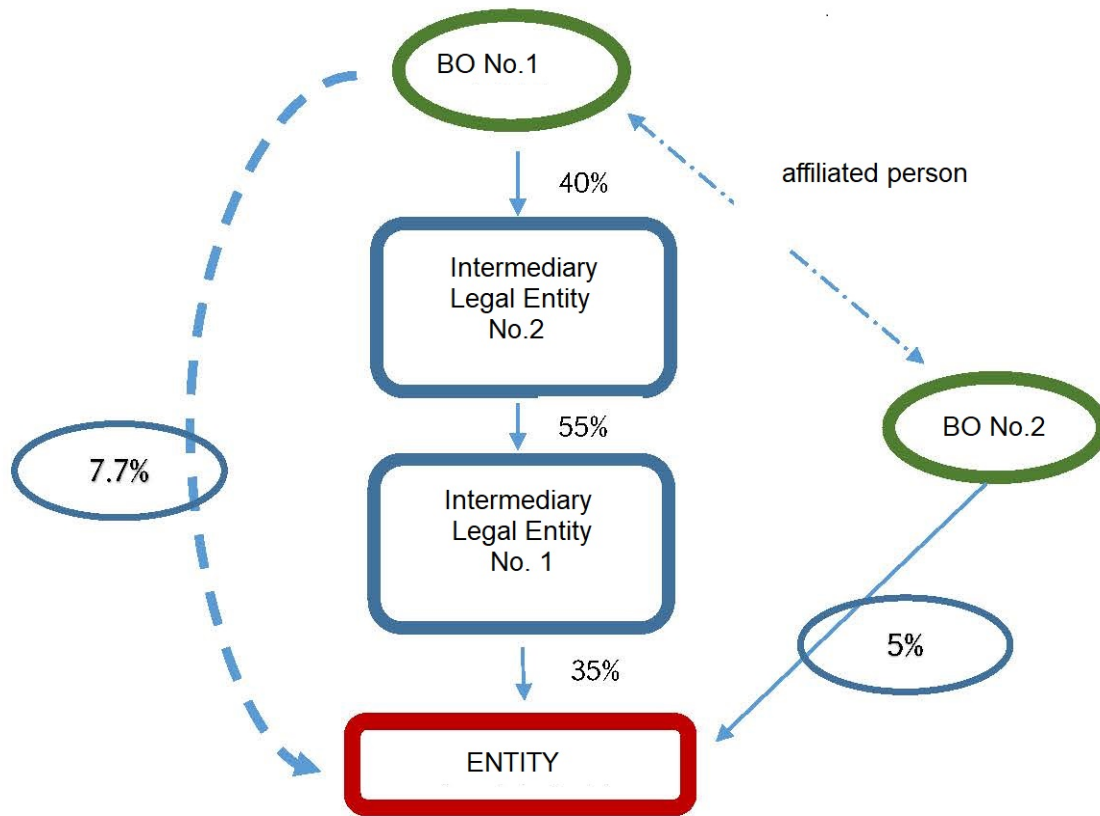

Beneficial owner (BO) No.1 directly owns 19% shares in (the equity capital of) the Entity.

BO No.2 directly owns 10% shares in (the equity capital of) the Legal Entity holding shares in the Entity.

BO No.3 indirectly owns 11.6 shares in (the equity capital of) the Entity, which is calculated as shown:
 $30\% \times 55\% \times 100\% \times 70\% = 11.6\%$

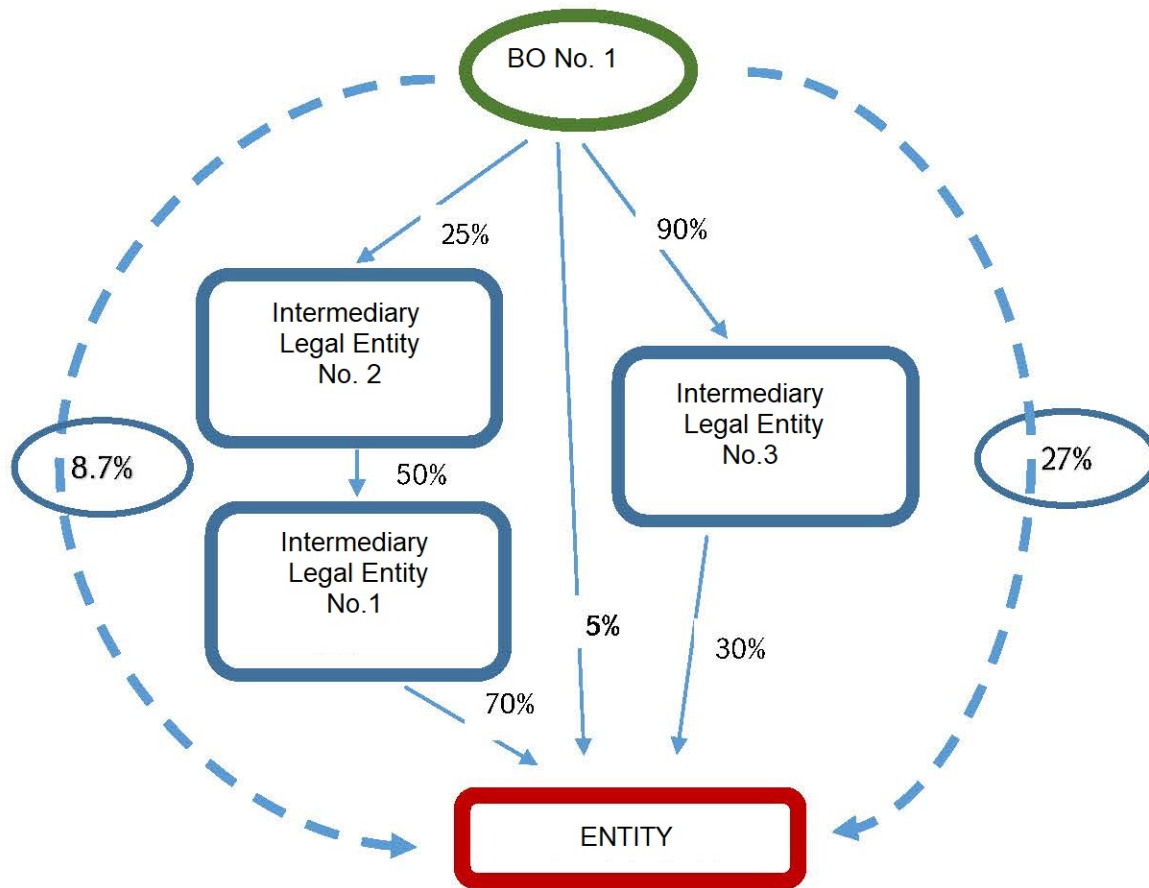

The publicly listed Legal Entity No. 1 indirectly owns 10% in (the equity capital of) the Entity, which is calculated as follows: $100\% \times 100\% \times 10\% = 10\%$

BO No.1 indirectly holds 7.7% shares in (the equity capital of) the Entity, which is calculated as follows: $35\% \times 55\% \times 40\% = 7.7\%$

BO No.2 directly holds 5% in (the equity capital of) the Entity.

BO No.1 and BO No.2 are affiliated persons and jointly own 12.5% ($7.7\% + 5\%$) of shares in (the equity capital of) the Entity.

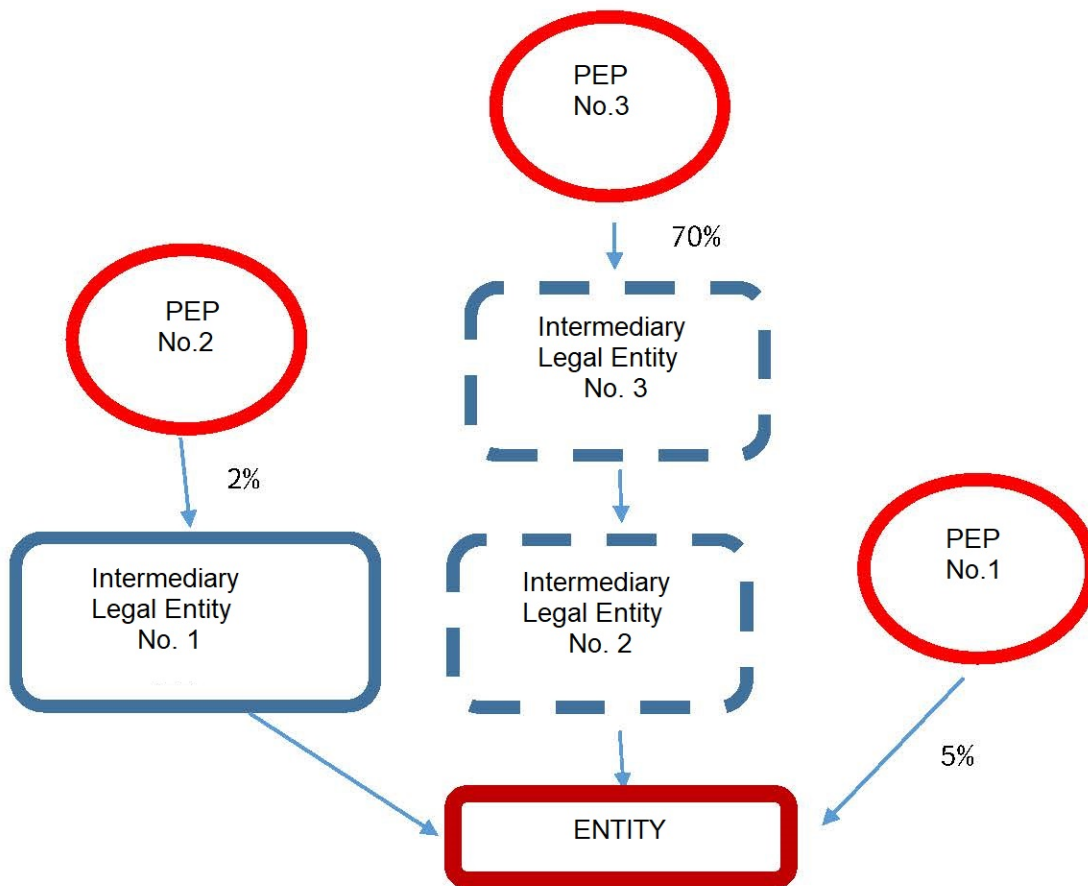

BO No.1 indirectly owns 8.7% of shares in (the equity capital of) the Entity through the intermediary entities No.1 and No.2 , which is calculated as follows: $70\% \times 50\% \times 25\% = 8.7\%$.

BO No.1 indirectly owns 27% of shares in (the equity capital of) the Entity through the intermediary entities No.1 and No.3 , which is calculated as follows: $30\% \times 90\% = 27\%$

BO No.1 also directly owns 5% of shares in (the equity capital of) the Entity.

Total share of BO No.1 is calculated by summing the direct and indirect shares thereof:
 $8.7\% + 27\% + 5\% = 40.7\%$

Politically Exposed Person (PEP) or PEP affiliated person No.1 owns 70% of shares in (the equity capital of) the Intermediary Legal Entity No.3 or controls the Entity or receives income.

PEP No.2 owns 2% of shares in (the equity capital of) the shareholding Intermediary Legal Entity No.1, or controls the Entity or receives income.

PEP No.3 directly owns 5% in (the equity capital of) the Entity, or controls the Entity or receives income.
